The Governor in KY has scheduled a press conference for Thursday morning to announce that he will sign youth access legislation. Dan Ison will join members of the state retail trade assn, the Farm Bureau, legislators and possible members of the state medical assn and other health groups to support the Governor's announcement. We have drafted the attached statement for Dan as well as a suggested intro for the Governor.

Dan needs to have something in his hands early tomorrow afternoon. I apologize for the short notice but we just found out about this today. Thanks again for the quick turnaround.
